MEMORANDUM FOR: The Director
SUBJECT : Call to John Scali

The purpose of your calling Scali would simply be to break the ice, informing him of the fact of OPR's study of the UN and soliciting his interest in it. More precisely, the suggested message would be:

- We are trying for a thoughtful, long-range assessment of where the UN stands -- especially in relation to US interests.
- We have a draft which is all but complete in terms of analysis of past and present trends and their implications.
- We would like, within the proper limits of intelligence analysis, to add some consideration of possible changes in the UN structure and/or procedures, and how these might impinge on US interests.
- We would like to ask him to read the draft. I will:
 - a. Get this to him through Agency offices.
 - b. Follow up with a call to arrange an appointment for [redacted] of OPR (the drafter) to go to New York to talk with him.
